I have not heard from you concerning my April 12, 1991 letter requesting a reinstatement of my membership in the Boy Scouts of America. It was my understanding from the material that I was given by the Atlanta Area Council that I would hear from you within 30 days.

I have been out of town on business the past 45 days, and you may have tried to contact me. If that is true, I apologize. If you have not, please let me hear from you as soon as possible. I would like to get on with my scouting career.

Dear Sir:

On September 10, 1990; my membership in the Boy Scouts of America was suspended by the Atlanta Area Council. After an investigation by both the Cobb County Police Crimes Against Children Unit of the Cobb County Police and the Cobb County Department of Family and Children Services, I applied for reinstatement in the Boy Scouts. A Regional Review by the Southeast Region did not find in my favor.

Therefore, I am appealing their decision to you for a review at the National level. I am getting together documentation to support my reinstatement, and that information will follow in the next 15 days. If there is any specific information that you need for your review, please let me hear from you.

Sincerely,

Mr. James D. Wilson

31 January 1991

Dear Mr. Wilson:

Thank you for your quick response to my request. I hope that the following information will help you in your analysis.

On September 10, 1990; Mr. Archie Crain called me requesting that I meet with him that afternoon at the Council office. When I arrived, we met in his office along with Mr. Penny Jones. At that time, Mr. Crain presented me with the letter stating that my membership in the Boy Scouts of America had been suspended. He told me that the reason for the suspension was an allegation of child abuse. That is all of the information that he gave, except to say that I would be hearing from "the agency" soon as to the specifics of the allegation. The letter that he gave me stated that I had 60 days from the receipt of the letter to appeal this decision.

I waited almost the full 60 days to be contacted by someone. Since I had not been contacted by any "agency", or anyone else concerning the allegation, I wrote Mr. Crain at the first of November requesting an immediate reinstatement of my membership. I received a response from Mr. Crain stating that until the Child Protective Service of DFACS has disposed of the matter, the Council would be unable to take action on my request. This is the first time that I knew which agency was conducting an investigation.

On November 28, I received a call from a Detective Chenoweth of the Cobb County Police. He asked me for a meeting on November 30. We met at his office on the morning of the 30th. Also in attendance was Ms. Nancy Pendergraft of Cobb County DFACS. This was not an interrogation, but simply a meeting where I was informed of the specific allegation and where their investigation had taken them. Detective Chenoweth told me that he had spoken with several Scouters in the Units in which I was registered, and that he had heard nothing but praises for my Scouting background and history. He specifically stated that he expected the ground to shake and for me to have a halo over my head when I walked in because of the good things he had heard. We talked for about 30 minutes. He asked me my response to the allegations, and I denied them.

He told me that their investigation had not turned up any facts that lead them to pursue the investigation any further. He also stated that he had arrested persons on only the word of a child. This relieved me to hear this, due to the fact that I had not been charged with anything, and that this was not a interrogation. Ms. Pendergraft agreed with this statement, and told me that I could expect a letter within 10 days stating that their investigation had not turned up any facts to lead to any prosecution. She said that I was free to share this letter with the Boy Scouts, although they (DFACS) were not at liberty to do so. Due to the Christmas holidays, and governmental bureaucracy, this letter did not reach me until January 4. At that time, I called Mr. Crain

CONF019036

and requested a meeting with him to discuss my reinstatement in the BSA. We met on the afternoon of the 11th. At that time he informed me that policy had changed and that I would need to request a regional review of my suspension. Since I was determined to pursue my reinstatement, I requested that Mr. Crain forward my request to the regional office.

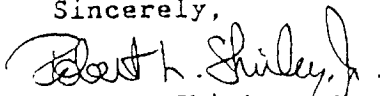

I have had a long history in Scouting, having been continuously registered since 1965, when I started my Scouting career as a Cub Scout. I have had the opportunity to work with a great many Scouts over the past 14 years as an adult Scouter. There has never been any question as to my sincerity or character. The current allegation came as a complete surprise. I have no idea what would cause this former Scout to make this allegation against me. I can state in the strongest of terms that the allegation is untrue, and that anyone who has been associated with me in Scouting would relate the same to you. Also, I feel that if those doing the investigation had believed the charges, they would have pursued the investigation further instead of calling it "unconfirmed." Those who have known me both in Scouting, and in my other activities have been shocked by what is going on.

All I have to offer in a way of defense is my long past history in Scouting. I will be glad to provide you with the names of both Scouts and Scouters with whom I have been associated with in my Scouting career. There are several who have expressed their willingness to talk with you, and I have listed their names and addresses below. I understand that you have already heard from Mr. Bob Claunch, and that he is writing a letter of support for my reinstatement.

Mr. Wilson, I am very anxious to get this matter resolved and to get back to Scouting. I have been very active as an adult Scouter. My whole calendar revolves around Scouting activities, and the lack of Scouting over the past 5 months has affected both my physical and mental health. I can not state strongly enough my desire to resume this important aspect of my life. I have missed out on several activities that I helped to plan already, and do not want to miss any more, especially Wood Badge. Please let me know if there is any more information that you need, or if I can offer more explanation.

I look forward to hearing from you soon!

Sincerely,

Robert Shirley, Jr.

Dear Mr. Shirley:

We wish to acknowledge your request for a regional review of your membership denial in the Boy Scouts of America.

If you wish to request a regional review of your membership denial, the following procedure must be followed:

1. You must send written documentation to me at the Southeast Region office of the Boy Scouts of America, P. O. Box 440728, Kennesaw, GA 30144 responsive to the local council notification of allegations to you on Monday, September 10th. Specifically, it should state why you feel that the local council decision is in error.
2. Once we have received your documentation response, we will make an analysis of this documentation and decide whether an appointed regional review committee is justified.
3. If the committee feels that it has sufficient new information from the documentation submitted to make a decision, it may do so at that time.

The review would be based on the information written per Item No. 1 above.

Mr. Archie R. Crain
Scout Executive, Atlanta Area Council

Atlanta, Georgia 30303

4 November 1990

Dear Mr. Crain,

On September 10, 1990, you called me to the Scout office for a meeting with yourself and Mr. Penny Jones. At that time, you presented me with a letter stating that my membership in the Boy Scouts of America had been suspended. You told me that the reason was a accusation of child abuse. The letter stated that I had 60 days to have this decision reviewed. When I told you that I knew of no accusations, charges, or investigation going on, you stated that I would be contacted by "the Agency" within the next few days. You requested that I suspend all of my Scouting activities immediately.

Knowing the Boy Scout Youth Protection Policy, I realized that you were just following policy, and I felt that this matter would be cleared up quickly. Although I was very involved in planning the Cobb District fall activities, the Fall Basic Leader Training, and getting started on Wood Badge Course 92-29; I called all of those involved and stated that due to a "personal conflict", I would need to drop out of these activities for an unspecified time. Everyone involved was very understanding, and asked if there was anything that they could do for me.

As of this date, I have not been contacted by anyone concerning the allegations, nor am I aware of any investigation going on. I have waited very patiently to hear something. I have watched many of the programs that I helped to plan happen from the sidelines. Now the 60 days are almost up.

Since I have not heard from any "Agency", I can only assume that there is no investigation going on; or that an investigation found no truth in the accusation. Surely, they would have contacted me by now.

Therefore, I hereby request an immediate reinstatement of my membership in the Boy Scouts of America. Two of the things that I enjoy the most about Scouting have already passed, and one is about to get started. If I am to be able to get back involved in any of these activities that I enjoy, and am very good at; I need to hear from you quickly.

CONF019046

I look forward to hearing from you real soon! We both stated in our meeting that we hoped to get this resolved as quickly as possible. I would like to get on with my Scouting work both in the Council and the District. I appreciate your confidential handling of this matter.

Sincerely yours,

Robert L. Shirley, Jr.

Mr. Robert L. Shirley, Jr.

Dear Robert:

After careful review, we have decided that your registration with the Boy Scouts of America should be suspended. We are therefore compelled to request that you sever any relations you may have with the Boy Scouts of America. A refund of your registration fee is enclosed.

You should understand that BSA membership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to suspend registration whenever there is a concern that an individual may not measure up to the high standards of membership the BSA seeks to provide for American youth.

If you wish to have this decision reviewed, please write to me within 60 days of the date of this letter, explaining your version of the facts supporting your claim that your registration as a BSA member should be reinstated. The procedures for review are attached.

Sincerely yours,

Archie R. Crain

Dear Mr. Crane:

I enclose the biographical and written case of the event discussed in your office.

Please make this very important note: the young man in question is 17 years old and will not turn 18 until October!

Given this important change in legal status, I secured the mother's signature giving permission to release the information to you. The father is a pilot and is in Paris.

I want to thank you for the professional manner in which you dispatched our business as well as the high degree of care which came through for all persons in question. I have told my Bishop and Chancellor of the process for handling the case and of my complete satisfaction in how it has been handled to date.

I will stay in touch with you regarding anything transacted on this end. Please give my highest regards to Mr. Jones. He made a valuable contribution to the discussion...as well as a great foot soldier!

Sincerely yours,

Laurence K. Packard
Rector

CONFIDENTIAL VERBATIM STATEMENT OF

[REDACTED]

September 10th., 1990

Event #1:

"I was at the Bert Adams Boy Scout Camp during the summer of 1984. It was a Wednesday night, (after sunset), when the event happened with Robert Shirley. We were lying in a hammock together. (we had done this at a previous camp out, and had just swung back and forth together.) The hammock was small. He was lying on the bottom, and I was lying on top of him, with my feet toward his head. I recall wearing running shorts and a T-shirt. We were discussing ordinary things, just talking. I don't recall at what point the conversation ceased because I had fallen asleep.

"When I awoke, the front of my pants and underwear had been pulled down. I had an erection. I felt Robert fondling my penis. I remember him specifically running his fingers around the base of the head of the penis.

"The next thing I remember is him putting the palm of his hand on my stomach. I then flinched, jumped a little bit, but still pretended like I was asleep.

"He then pulled my pants up, set my clothing to normal, and told me to go into my tent and go to sleep. The rest of the scouts were already in their tents.

"I knew at that time that I had been violated.

"The next morning, Robert came to me out in front of troop's camp. He asked me if I slept okay. I said yes. He made reference to if I had an erection when I woke up. I said yes that I did. He said that I was probably dreaming about [REDACTED] (a fellow scout's younger sister). What came across in my mind was that he was trying to make an excuse. I agreed and went about doing something else.

"I left camp and tried to forget that it had ever happened."

Event #2

"Robert moved to Tennessee. When he was getting ready to go, I knew the opportunity was there to go and visit him in Tennessee like [REDACTED] and [REDACTED]. I specifically recall receiving two letters from him. The letters did not say anything important."

Event #3

"In the Spring of 1987, (I wish I had my patches with me, and I could tell you exactly when we went), I saw Robert at the Spring Jamboree. Near the end of the weekend, we were walking to the Awards' Ceremony. There was a main line of scouts, and we were walking beside it by ourselves. He then asked me if I had masterbated. I said no. And, I remember him asking something like, 'why not?' I said that 'I just did not feel the need yet.' The conversation drifted off, and I went back and rejoined my troop before the ceremony. I was surprised that he had the gall to ask me that question after what he had done to me.

"I was feeling angered at him that he was not out of my life, like I could not get rid of him. I thought like once he was in Tennessee, he was going to stay, and I would not have to worry about him ever again. That's why I never wrote back to him."

Event #4

"I then saw him at [REDACTED] Eagle ceremony. I remember walking up to the conversation, other people around, not because I wanted to talk to him...but I had something to say to [REDACTED]. Other people left the conversation...we were alone. He asked some very menial questions, and I was very short in my answers...not mean to him, but quick. And I ended up walking off to do something else. I was feeling mad because he's one of the last people I wanted to see. At that point, I had no friendly feelings for him whatsoever. Before, I was very upset that somebody that close to me had done that to me, but at this point I had almost a 'hate' for him. When I saw him my heart would beat faster; it was a feeling of despise and serious dislike.

CONCLUDING STATEMENT:

"Where I am Now with This"

I am angry at Robert Shirley for what he did...I feel like he did an injustice to me and left me wondering if I was still normal. Well, in recent times, I have felt strong feelings of wanting to avenge what happened. Thoughts have often come to violent endings, but I never wanted to take action upon those thoughts. I just don't think he'd be worth any kind of punishment I would receive. So I am here now reporting this."

MEMORANDUM OF CONVERSATION

I called Robert Shirley on Monday, September 10, at 11:50 a.m. requesting that he meet me in my office at 1:30 p.m. if at all possible. Mr. Shirley met with me and E.P. Jones, the staff member assigned to work with me and the Council Youth Protection - Child Abuse Prevention Committee. Mr. Jones was asked to attend this meeting on the advise of General Counsel, John Boman, with whom I reviewed, by telephone, the facts brought to me by Mr. Carl Ward, Committee Chairman of Troop 713 and Rev. Laurence K. Packard, Rector of St. Catherine's Episcopal Church. Mr. Jones was also in attendance at this meeting at 10 a.m. of the same day.

My statement to Mr. Shirley was to hand him a letter and ask him to read that his membership, effective immediately, was suspended and a check for his membership refund in the amount of \$7.00 was enclosed, along with a statement of procedures for a review.

I stated that this was not a pleasant task but this action was required, due to the allegations made about him. I told him that we were not an "investigative agency" and, by State Law, were required to report what was reported to us.

Mr. Jones also restated to Mr. Shirley that his registration was suspended effective immediately and that he must sever any and all Scouting activities, leadership and contacts immediately.

I also stated to him that this matter would receive confidential treatment within the Scouting Organization and suggested that he might wish to keep it confidential as well.

The meeting adjourned at 2 p.m.
